

<b>Rider Profile:</b>	Advanced - Performance (Racing and Training)
<b>Padding:</b>	Inverse Variable Density Padding 4-13mm [3 Layers]
<b>Shaping:</b>	1:1 Anatomic
<b>Key Features:</b>	<ul style="list-style-type: none"> <li>• Pre-shaped and curved to the natural anatomic shape of the rider to provide the highest level of rider comfort.</li> <li>• Smooth &amp; seamless surface next to skin eliminates pressure points and chafing.</li> <li>• Multi-density padding provides targeted skeletal support and protects nerves, arteries and organs.</li> <li>• Extremely breathable materials keep skin dry and cool.</li> </ul>

P.R.O. Anatomic 1:1 Chamois®

<b>Rider Profile:</b>	Advanced - Performance (Racing and Training)
<b>Padding:</b>	Variable Density Padding 4-13mm [3 Layers]
<b>Shaping:</b>	3D Anatomic
<b>Key Features:</b>	<ul style="list-style-type: none"> <li>• Pre-shaped and curved to the natural anatomic shape of the rider to provide the highest level of rider comfort.</li> <li>• Seamless, Breathable and Thermoregulating 4-Way Stretch technology works with the body.</li> <li>• Pressure Relief Technology (PRT) optimizes riding comfort, blood flow and performance.</li> <li>• Thermoregulating technology adapts to the existing conditions to maximize comfort.</li> </ul>

Women's P.R.O. 3D Chamois®

<b>Rider Profile:</b>	Intermediate to Advanced - Performance (Racing and Training)
<b>Padding:</b>	Variable Density Padding 13mm [3 layers]
<b>Shaping:</b>	3D Anatomic (Men's & Women's)
<b>Key Features:</b>	<ul style="list-style-type: none"> <li>• Pre-shaped to provide the highest level of rider comfort.</li> <li>• Breathable 4-Way Stretch Technology adjusts to the body and moves moisture away.</li> <li>• Pressure Relief Technology (PRT) optimizes riding comfort, blood flow and athletic performance.</li> <li>• Active carbon yarns improve thermoregulation and eliminate static-induced fatigue.</li> </ul>

ELITE 3D Chamois®

Women's ELITE 3D Chamois®

<b>Rider Profile:</b>	Enthusiast to Intermediate
<b>Padding:</b>	Variable Density Padding 13mm [Race 3D: 3 layers/Tour 3D: 2 layers]
<b>Shaping:</b>	3D Anatomic (Men's & Women's)
<b>Key Features:</b>	<ul style="list-style-type: none"> <li>• Pre-shaped to provide the highest level of rider comfort.</li> <li>• Breathable 4-Way Stretch Technology adjusts to the body and moves moisture away.</li> <li>• Pressure Relief Technology (PRT) optimizes riding comfort, blood flow and athletic performance.</li> </ul>

Race 3D Chamois®

Tour 3D Chamois®

Women's Race 3D Chamois®

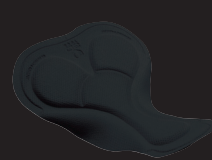

Women's Tour 3D Chamois®

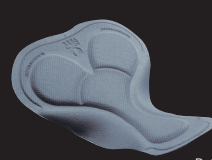

<b>Rider Profile:</b>	X Country + All Mountain MTB Performance
<b>Padding:</b>	Variable Density Padding 13mm [2 layers]
<b>Shaping:</b>	3D Anatomic (Men's & Women's)
<b>Key Features:</b>	<ul style="list-style-type: none"> <li>• Transfer Dry fabric powered by 37.5 Minerale™ provides optimal moisture transfer, dry time and odor absorption (Black chamois only)</li> <li>• Pre-shaped to provide the highest level of rider comfort.</li> <li>• Breathable 4-Way Stretch Technology adjusts to the body and moves moisture away.</li> <li>• Pressure Relief Technology (PRT) optimizes riding comfort, blood flow and athletic performance.</li> </ul>
